# This week's Beauty Dial Star Buys

By Ediel Cox of The Beauty Dial ([www.thebeautydial.ie](http://www.thebeautydial.ie))

**HAIRTALK TAPE EXTENSIONS**  
The hair extensions everyone is talking about! The innovators of tape in hair extensions, Hairtalk is the leading provider of Indian Remy Human Hair to salon professionals in over 40 countries and over 30,000 salons. Whether creating ombre or balayage with Colormelt extensions, or utilising platinum blondes, pops of color, rooted and more, Hairtalk sets the standard for the highest quality tape extensions in the hair industry. I recently got the Hairtalk extensions applied by the very talented Tracey Grimes and have to say I was so impressed. Application takes under an hour for a full head of almost invisible tape extensions and the hair can be reused up to three times. One of the major concerns I had was tying up my hair but it's no problem at all. My hair is so thick and easy to style. More info on [hairtalk.ie](http://hairtalk.ie)
